### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Kajane McManus on 10/13/2004.

The application has been amended as follows:

In claim 1,

line 10: after "disposed" insert --and including a cover hingedly fixed to an edge of the tray which faces away from the pool--.

Claims 2 and 3 have been cancelled.

In claim 4,

line 10: delete "rests" and substitute --engages said rim and rests on--.

2. Claims 1 and 4 are allowed over the prior art of record.

3. The following is an examiner's statement of reasons for allowance: none of the cited prior art alone or in combination teaches a pool tray having, in conjunction with other limitations, a cover which engages the rim and rests on the platform or hingedly fixed to an edge of the tray. It would have not been obvious to modify any of the cited tray, platform or table to have a cover as claimed, as shown in the prior art, without hindsight reasoning or destroying the function of the prior art device.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
